

# HRSA ANEW

## Behavioral Health Integration Scholars Traineeship

### What is this traineeship?

The BHI Scholars traineeship is an exciting program for UNC-CH nurse practitioner students (FNP, AGNP and PMHNP) who are interested in learning about behavioral health integration. Students who are selected for this program will have the opportunity to gain additional education and training in **whole healthcare to integrate behavioral health into the primary care setting.**

Please view our website for more information:

<https://bhi.web.unc.edu/>

**Nursing Excellence in  
Whole Health Care**

*NP's Leading the way in Behavioral Health Integration*

# Mission of the BHI Traineeship:

**PEER NC: NP-BHI/PC-4E (T94HP30882) is a continuation grant that will:** Educate, train and provide financial support (traineeships) for new primary care nurse practitioners to provide integrated (mind/body), clinically competent and culturally sensitive **whole healthcare** to some of the most vulnerable individuals and families in rural, underserved counties in NC.

## What are the benefits to being a BHI Trainee?

- Apply for the role that best suits your needs: BHI Full Scholar, BHI Associate Scholar, BHI Participant Scholar
- Receive dedicated financial tuition assistance
- Be a part of an elite group of graduate students who will receive advanced education and training to focus on whole health care and integrating behavioral health into primary care (the first and only program of its kind in NC!)
- *If selected as a Year 1 Full Scholar-* Guaranteed clinical placement at rural/medically underserved sites for primary care NP students and recommendations for specialty psychiatric sites for PMHNP students
- Receive mentoring from UNC SON faculty and coaches on the grant team
- Form peer support groups and have opportunities to join interprofessional teams
- **Be on the cutting edge of NP Practice**

**Please Note: If you are a post-MSN student you are only able to join the program as a PARTICIPANT. If you are a Year 1 DNP student, you will apply to this opportunity in your 2nd year when your clinicals begin**
